

# THE WAY GOD WALKS WITH US

GRAHAM COOKE

EPISODE 2 - HOW GOD SEES OUR LEARNING. PART 1:

## *Slow Learning is Great Learning*

This episode disempowers old perceptions and mindsets about learning and displaces them with opportunities to see and think about yourself in a new way: the way God sees and thinks about you as He walks with you.

We encourage you to download these activations and add them to a notebook that you create for this series.

There are two primary Key Truths in this episode that you can follow through:

### ***1. See yourself the way God sees you.***

Take note of your thoughts when you think about your learning, growth and development.

Are your initial responses...

- ... mild or significant apprehension and uncertainty about how you will do?
- ... trepidation, fear or anxiousness about getting it right?
- ... concern that others will understand better and more quickly than you will?
- ... wishing that God could just wave a magic wand and do away with all this work?

Or are your responses....

- ... filled with anticipation for a new adventure?
- ... infused with curiosity about what you'll discover next?
- ... quietly confident in the help and support of the Holy Spirit?
- ... peaceful, knowing that God has made provision for any challenges you face?

Do you have any other responses that are not included here? If so, what are they?

Consider this quote:

*"No matter how much more there is to learn, you've already learned so much and that's what God celebrates!"*

Ask the Lord throughout this series:

- + "How are You celebrating me and my learning process today?"

Take note of your response today and consider making that question a consistent part of your devotional conversation with Him!

## ***2. Slow Learning is GREAT learning!***

What new thoughts were in this Truth for you? Make a list:

- + What old mindsets and perceptions about the Father, Jesus and the Holy Spirit are you looking forward to “Un-Learning?”
- + What new Truth are you hearing about each of these instead?
- + What old mindsets and perceptions about *yourself* are you looking forward to “un-learning?”
- + What new Truth are you hearing about each of these instead?

Make a page in your notebook for each one of these questions and leave room to add to your initial list here as the series progresses.

For each new Truth, consider the level of connection you have to it. Is it still a concept? Do you have real-world experiences with this Truth?

Begin anticipating fresh encounters in daily life with the new Truths God is showing you. When you recognize one, make a note of it. As that list grows, so will your expectation and encouragement. Real life is your everyday classroom!

***Key Scriptures for Meditation (or “thinking deeply with God”)***

Consider reading each of these aloud daily.

Enter into a relational conversation with the Lord about these words of life:

*“For we do not have a High Priest who cannot sympathize with our weaknesses, but was in all points tempted as we are, yet without sin.”* **HEBREWS 4:15**

*“Show me Your ways, O Lord; Teach me Your paths.”* **PSALM 25:4**

With joy and expectation,
