

Fruit of the Spirit

Setting Expectation

Message Outline

Key #1: Allowing a positive expectancy to rise up in our hearts.

- When we come with anticipation, it opens us up to recognize what He is doing.
- It closes the door to negativity.
- Expectation fixes our hearts and our minds on the Lord.

Key #2: Activating the nature of God in us.

- We choose if the activation that takes place is positive or negative.
- A negative activation is where we anticipate and allow for the opposite of the Fruit of the Spirit.
- Negative actions take us out of alignment with the nature of God.
- If you've gone through the same situations in the same way; it means that you have a pattern of negative activation.

Key #3: Alignment with the true nature of God starts slowly.

- We practice it as we work on unlearning patterns of negativity.
- We are able to choose the identity that He has created for us.
